MEMORANDUM FOR: Director, ☐ National Reconnaissance Office

25X1

SUBJECT: Ad Hoc Committee to Review Policies and Procedures for Overseas Processing and Reporting of Sensitive Photographic Missions

1. I am in receipt of an information copy of a cable to the Director of Central Intelligence from you inviting COMOR to be represented on your ad hoc committee for the above subject. As you know, the COMOR is made up of the participating agencies on the United States Intelligence Board and is not a line organization. The only way that an individual can represent COMOR's views is after COMOR has examined a question and rendered its views. Accordingly, I see no useful purpose served in having a COMOR representative on this committee.

2. However, COMOR and the USIB have a vital interest in the plans which the committee may formulate. It is accordingly requested that such plans be submitted to COMOR for its comment prior to execution and in sufficient time in advance of that date so that COMOR may carefully consider the report.
